

REPUTABLE DEMO PRODUCTION COMPANIES

Here you can find a list of reputable demo production companies and coaches who produces quality demos recommended by and vouched for by many of our VO peers to get you started in the right direction.

Some of the recommendations below are more specialized in certain genres, i.e. animation, video games. Thus, depending on what you are looking for, your budget, etc. you need to research further and make your own informed decision.

If you're starting out, the most prevalent demo to get first would be commercial to breaking into the industry. This is the one that everyone uses and listens to as a base line to get a sense of how you fit in the market place. The second most popular demo to get is animation.
